## PROFILE

I am a passionate and enthusiastic student with a broad interest and a great ambition, especially in the field of security prevention. As a self-motivated student, I see a challenge in everything. "I can't" does not appear in my vocabulary. "That's what I'm going for", that's my credo!

Write a short description of your skills and abilities. Answer 3 basic questions: Who am I? What is my ability? What is my goal? Match this with the vacancy/employer that you are applying to.

You can add your bachelor and/or master thesis (title or subject) to add some flavour.
